Built to Deliver - Every Time

ILM Medium Duty Rail Lift **1600 - 2000 - 2500 LBS. CAPACITY**

**-OPTIMIZED-
FLEXIBILITY
DURABILITY
PROFITABILITY**

ILM - A straight forward medium duty rail lift. It is simple, compact and easy to install. Now also available with hydraulic close feature.

Design and Construction:

- ◆ Short rails for improved clearance
- ◆ Nylon wear pads on runners
- ◆ Pre-installed power pack wired and filled with multi temp fluid
- ◆ Outside switch shipped loose for optimum placement on truck
- ◆ Optional hydraulic closer can be specified for ease of operation – standard on 60" platform models

Platform:

- ◆ Steel and aluminum platforms are equipped for bill board design
- ◆ 2.5" slim line steel platform
- ◆ Optional aluminum platforms available

Built in Safety Features:

- ◆ Built in cross beam toe deflector
- ◆ 135A circuit breaker together with master disconnect switch

Control system: The side mounted marine type molded switch can be placed for the best operating position depending on the different floor height.

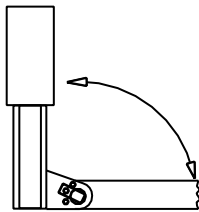

Platform Assist: The ILM platform open and close assist is adjustable and individually tuned at the time of assembly for maximum performance.

Platform configurations: The ILM platform is offered in both steel and aluminum with a variety of different ramp options.

6" fixed, 12" fixed, 12" fixed with cart stop, 12" folding aluminum retention ramp.

Hydraulic Power Fold: Say goodbye to old style mechanical platform folding with our optional hydraulic power fold. This feature takes some of the strain out of the daily operation.

Pump & Motor: The ILM power pack is pre-installed in the cross beam housing for faster installation times. All units are shipped filled with multi-temp hydraulic fluid.

STANDARD FEATURES:

- ◆ Enclosed Power pack
- ◆ Adjustable Platform Chain
- ◆ 135A Circuit Breaker
